

**Bogoliubov Laboratory of Theoretical Physics, Joint Institute for Nuclear Research
A.I. Alikhanyan National Science Laboratory (Yerevan Physics Institute)**

**International Workshop “Supersymmetries and Quantum Symmetries – SQS'19”
Yerevan, August 26 - August 31, 2019**

2nd Announcement

The Workshop SQS'19 continues a series of international seminars founded by V.I. Ogievetsky (1928 - 1996)¹. It is jointly organized by the Yerevan Physics Institute and Bogoliubov Laboratory of Theoretical Physics (JINR, Dubna). It is for the first time when SQS Workshop will be held in Yerevan (Armenia) and for the second time when it will be outside Dubna (Russia) (SQS'01 was held in Karpacz near Wroclaw, Poland). This exceptional choice is substantiated by the close contacts of Armenian scientists with their colleagues in Dubna lasting for many years.

Schedule

The Workshop will be held at the Ani Plaza hotel (<http://anihotel.com>), 19 Sayat-Nova St, Yerevan, August 26 - August 31, 2019. The arrival day is Sunday August 25, the departure day is September 1. There will be plenary and session talks up to 30 minutes (including discussions). On Wednesday August 28 there will be only morning talks and poster session after. An excursion will be organized for the rest of the day. The expected attendance is about 130 participants. The preliminary list of participants is published on the Workshop website.

Registration

The registration will be in the hall of Ani Plaza hotel on the arrival day August 25 and continue on August 26. The registration fee is 150 Euro or 80000 Armenian drams (AMD) for a participant. It covers break refreshments and social program. Accommodation in Yerevan is not covered by the registration fee. The payment (in cash only) will be accepted by the Organizing Committee upon the registration or during the Workshop. You can exchange American dollars, Euros or Roubles to Armenian drams in the airport or Yerevan city center. You can also ask where to change at the registration desk.

Accommodation

The Organizing Committee has reserved a limited number of rooms at the Ani Plaza hotel where the Workshop venue will take place. Prices are from 30500 AMD (~64 USD or ~57 Euros) per night. The hotel can give invoice in American dollars and Euros. Participants also can organize their accommodations by themselves. There are many options for accommodation not far from the Workshop venue. Due to the large number of participants, we are looking for additional

housing options. Full information about accommodation will be available later on the page <http://theor.jinr.ru/sqs19/accommodation.html>.

Workshop Program

We kindly ask you to send us the preliminary title of your talk if you did not indicate it upon the registration. The list of talks and the schedule of the Workshop SQS'19 will be published on the page <http://theor.jinr.ru/sqs19/venue.html> in the beginning of August.

From airport to city

Zvartnots airport is ~10 km far from Yerevan city center. The easiest way to reach Yerevan city center is to take a taxi which costs less than 5000 AMD (~10\$). Reasonable price is 3000 AMD (~6\$). It is predictable that local drivers will try to charge you the higher price. So, you should agree with the price before the ride. For Russian participants it would be easier to take YandexTaxi.

There will be members of the Organizing Committee around the meeting area of the airport. They will be ready to help.

Contact Information

Please, address all mail concerning the participation and scientific program to the Organizing Committee, contact: sqs19@theor.jinr.ru.

Please let us know if you have any changes.
